June 15, 2019

Do you remember that guy who recorded the famous hit “The Streak” or “Ahad the Arab”?
What about the “Mississippi Squirrel Revival”? Or the Grammy Award winning “Everything is Beautiful” ?

Ray Stevens was this musician and was inducted in the Nashville songwriters Hall of Fame in 1980. He spent many years appearing in Branson and is now calling Nashville home. Our evening will include browsing the memorabilia while enjoying live music from the piano bar, and a seated dinner with choice of entrée in the festive Cabaray Showroom, an intimate setting where Ray Stevens will entertain us for 90 minutes.

Laughter and music are a winning combination so you don't want to miss this daytrip!!
